MEMORANDUM FOR THE RECORD

25X1A

SUBJECT: Memoranda of 8 May "Proposed Briefing" and "Forwarding the Attachments" from [REDACTED] DD/I Research Staff.

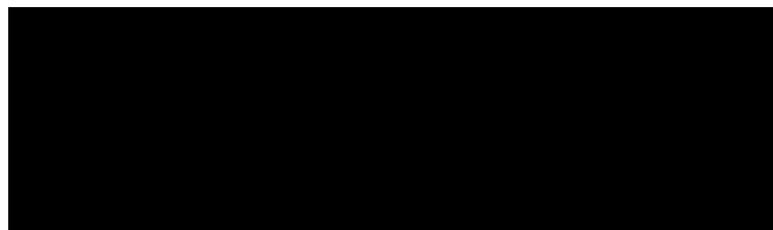

25X1A

25X1A

1. I called S [REDACTED] about the subject memoranda and told him that a date has not been scheduled for the requested briefing on [REDACTED]. I told him also that no determination has been made as to what, if any, Agency studies or documents are to be released to the Foreign Relations Committee. I noted that there have been many requests in the past for Agency documents but that very few have been honored and, in consequence, the documents forwarded with his memoranda will be retained for the present by this office.

2. I asked that he not discuss any Agency documents or studies with Richard Moose, of the Senate Foreign Relations Committee staff, and that he refer any future calls from Moose to me. He told me that he had not intended to press the matter of the meeting or the documents and he would be pleased to refer Mr. Moose's calls.
